

2007 Sly Dog Cellars Cabernet Sauvignon

The Walman Report®,
By Nancy Walman.

Wine on Line ~ June 8, 2009 ~ The style may be different but the commonality is quality. From the flexible Cabernet to the elegant Meritage to the delightful Rose, we loved them all. So will you!

Colorado Wine News ~ July-September 2009 ~ RECOMMENDED: ...opens with toasted oats, green bell pepper, blackberry, blueberry, and spice. Flavors of the same fruit and spice are laced with fine, dry tannin and finish long and medium-broad.

Two Dogs, a Flamingo and a Bottle of Wine

dogswine.blogspot.com ~ May 3, 2009 ~ The finish showed a little bit of pepper and a good touch of the darker fruit at the very end. For the price this is a very good wine, and it's nice to see a little restraint from a California winery.
